## Dubai City of Gold

Dubai offers visitors a myriad Experience – from the unforgettable charms of the traditional souks to inspiring imposing Skyscrapers. Our journey starts at the world's tallest building, 'Burj Khalifa', situated above The Dubai Mall one of the world's largest shopping malls, where you will have the opportunity to visit the 50metre long aquarium and visualize the exotic wonders of aquatic life firsthand through breathtaking views.

Our journey continues to Dubai Marina and Palm Jumeirah, a manmade island that has become a potent symbol of our Emirate. We will have a photo stop opposite the ultra luxurious Atlantis The Palm hotel. Your unforgettable journey will continue at Souk Madinat Jumeirah, a colorful and vibrant market in an Arabian city. Winding paths and passageways will lead you through a real Arabic bazaar like ambience mixing high end boutiques, local artisans and delicious cuisines in an explosion of sensations that finish in beautiful views towards the canals of the resort Madinat Jumeirah and the stunning vista of the Burj Al Arab.

There is no better way to continue the wonderful Dubai Experience than to pay a visit to the Famous "AL Fahidi historic district" Located along the Dubai Creek, this district is a key heritage site with much of the original infrastructure preserved and intact.

The traditional wind towers – constructed from sandstone, teak, gypsum, palm wood and sandalwood – represent only a small part of Al Fahidi's history. Each alley, twisting pathway and breezy tower tells a story of a life before the seven Emirates.

We use the abra (small traditional boat) to cross the creek and visit our next destination, the famous Gold Souk, one of the oldest and most fascinating traditional markets in the emirate. Whether you're just browsing, or genuinely on the hunt for even the smallest amount of precious gold, walk through the glittering bazaar to find designs from around the world crafted with a variety of carats.

We continue passing the world trade Centre of Dubai along the 2nd December street to the union house an edifice reminder of the bravery of the grand fathers and their decision and commitment to create the United Arab Emirates.

Our final stop is a photo opportunity at the iconic Jumeirah Mosque. The mosque is built entirely from white stone in the medieval Fatimid tradition, with towering twin minarets framing a large central dome.

## Abu Dhabi City Tour

Abu Dhabi is the capital of the United Arab Emirates and the residence of the Federal National Council. Recognized as one of the world's largest producers of oil, Abu Dhabi, is undergoing a massive diversification of its economy and is investing in many different areas such as commerce, tourism and culture.

Your journey begins in Dubai, where you will travel past the world's largest man made port at Jebel Ali, and mega airport "Dubai World Central" and onward for the less than two-hour drive to Abu Dhabi. You will be spellbound by the splendor of the new additions to Abu Dhabi's skyline, as well as the grandiose Grand Mosque, which is one of the largest mosques in the world. The journey continues through the heart of the city where you can see the famous Union Square, that houses symbolic themes inspired by the customs of the country. After a short drive along the Corniche, you will arrive to the Heritage Village, specially designed by late HH Sheikh Zayed Ben Sultan al Nahyan, as a reminder of the past for the younger generation. You can browse and buy souvenirs in the Village before we go to Qasr al Watan and Ferrari World where we have tickets
